Meet your board!

We will introduce a couple of board members to you in each newsletter --- these people work very hard to bring you great annual events.

Donna Josephs is proud to be the little sister of Tenor Guitar Foundation's late founder, Mark Josephs. She serves on the Tenor Guitar Hall of Fame committee, and the performer committee. She is grateful for all the volunteers and performers who help make the Tenor Guitar Gatherings such wonderful events each year.

When Donna was a child, she and Mark saw The Beatles, and five years later, went to the Atlantic City Pop Festival. When she was in junior high school, she went to Buffalo to see Mark in his band, The Gingerbread Express, and to Saratoga Springs, when he was in The Lew London Trio. Years later, on visits with Mark in Los Angeles, they went to see her two life long favorites, the late Laura Nyro, and Todd Rundgren.

When Donna is not flying around the world as a flight attendant for United Airlines, she volunteers in her community of Ventnor, New Jersey, for the Meal Train, and local charities.

She enjoys singing, reading, writing inspirational essays, and continues to be a beginner on the ukulele.
